

2020 FACCT SPONSORSHIP

FACCT serves as a unified voice to promote, connect, and educate about animal agriculture and livestock well-being.

We promote animal agriculture and proper welfare across the state of Tennessee to consumers, producers, and civic leaders. We connect animal agriculture with law enforcement to overcome challenges of livestock welfare. FACCT educates its audiences through farm animal exhibits, seminars over livestock welfare, and workshops on proper animal handling techniques and livestock welfare laws. We provide funding to agriculture entities and law enforcement for resources such as feed, transportation, and vet care of neglected livestock.
